## Swim Lessons Starting in July

We hope to start swim lessons on either July 12 or July 19. If interested, please call the office or ask a Lifeguard to put your name on the Lesson waiting list. Keep watching the web site [www.shadowbrook.org](http://www.shadowbrook.org) for the latest information.

## Updated Pool Operation/Rules – Phase 2

With the end of the Colored Tier system on June 15, and based on the most recent CDC guidance, the Board shifted to our Phase Two program on Monday, June 21.

All capacity restrictions have been removed, and all Members and Associates will have access to the pool during the times listed to the right; please review these times as they have been tweaked based on requests from our many lap swimmers. Lifeguards will not be on duty during lap swims, and swimmers must be at least 18 years old to participate in lap swim. There will no longer be a SignUpGenius process – come when & as often as you will, and stay as long as you like.

Please continue to sign-in at the Office upon entry and complete a family Waiver if one is not already on file. Each hour will include 45 minutes of free swim and 15 minutes of adult swim. Lifeguards will be on duty except during lap swim times. Lifeguards will be wearing masks in the office, bathrooms and kitchen.

Upon first entry, every family will be required to sign a [Shadow Brook COVID-19 Waiver of Liability](#). We encourage everyone to review and complete the waiver prior to coming to the pool to help speed up the entry process. If you signed a waiver during Phase 1, you are all set.

Masks must be worn by the unvaccinated during entry and exit and by all when accessing the bathrooms or the kitchen. **Our Lifeguards are there to protect the community and we expect our members to respect and adhere to the rules that we have outlined. Anyone found in violation of the rules and/or procedures can either be banned from using the pool or have their Associate Membership revoked.**

Parties will not be possible during Phase Two, but all Members and Associates are free to bring up to five (5) Guests at the regular \$2 fee per Guests. The Board has revised the Member definition of a household / family; Grandparents, Parents, Adult Children and Grandchildren will not be charged a \$2 guest fee, and are not included in your 5 guests – please revise your Waiver to reflect anyone you bring to the pool that fits in these categories. The definition of an Associate household is unchanged, and limited to everyone who is a permanent resident to the home as in detailed in the Associate Agreement. Caregivers/Nannies will also be allowed without the guest fee and must be added to the waiver.

The kitchen, BBQ and showers are now open. Disinfectant wipes will be available and everyone is encouraged to wipe down tables and chairs before and after use. We hope to start swim lessons on either July 12 or July 19. If interested, please call the office or ask a Lifeguard to put your name on the Lesson waiting list.

## Modified ACC Rules In Effect during Drought

### By ACC Team Annette Coffey, Don Hale, Sheryl Stroh

It is obvious that we will be under severe water restrictions during the upcoming summer due to the drought. Homeowners will be asked to reduce water usage by 33% from 2013 and could incur fines for usage above this level. In recognition of this, the ACC will temporarily suspend our rules as applied to front yard lawns and landscaping.

First, the ACC will not issue violations for dead or stressed lawns since it will be very difficult to keep large lawns healthy with the expected water restrictions. However, we will expect homeowners to maintain shrubs and street trees, they take relatively little water and will be very difficult and expensive to replace later.

In addition, lawns areas must be kept neatly mowed and free of weeds so your lawn does not become a weed nursery and a nuisance to your neighbors. The ACC will issue violations for lawns that do not meet this criterion.

Some homeowners might consider this a good time to consider replacing lawn with native, low water landscaping. You pay your water bill to San Jose Water Co.; they receive the water from Valley Water, the local wholesale supplier. Starting July 1, Valley Water is offering rebates to homeowners who convert approved high-water use landscape, such as lawns and pools, to low-water use landscape, as well as to retrofit existing irrigation equipment with approved high-efficiency irrigation equipment. Beginning July 1st, maximum rebates will increase from \$2,000 to \$3,000 for residential sites and Landscape Conversion Rebates will go up to \$2/square foot!

Basic requirements for the homeowners to follow are:

1. You must have a healthy growing lawn; they will not pay you to replace a dead lawn and they will inspect it prior to accepting your application and will measure the actual area involved.
2. You must apply for the program, wait until after July 1 to do this
3. You must submit a landscape plan that details the plants you will use and their layout, this is best done by a professional
4. These plants must be chosen from the list in the package that VW provides. This list has a value for the area that each plant will cover when mature; your plan must be able to cover 50% of the area when mature.
